RADFORD GLOBAL TECHNOLOGY SURVEY

The landscape for compensation professionals is shifting rapidly in a truly global economy. To meet the needs of your changing workforce, your pay surveys must offer a robust and reliable database, global coverage, instant data access and superior customer service in a single global source.

The Global Technology Survey provides a single-source solution. Survey results encompass four million incumbents; 1,600 companies; and 2,400-plus executive through support non-sales positions for 81 countries. Benefits of participating in the Global Technology Survey include:

- > **Global job structure** facilitates input and creates consistency in job matching/analysis across countries
- > **Extensive data elements** ensure accurate total pay insight for pricing jobs and market analysis
- > **Practices coverage** offer key metrics and quarterly market trends to gauge program competitiveness
- > **Online survey results, resources and tools** accessed from any location via the Radford Network[®]
- > **Sophisticated global analytics** support competitive assessments, including “You vs. Market” reports
- > **Targeted Custom Reports** provide insight into stock granting practices and equity programs; combined technology and life sciences capabilities will allow clients to leverage both database for analysis
- > **Dedicated client support** includes a designated Survey Consultant and comprehensive training program

When More Help Is Needed

Radford Consulting

For companies seeking to evaluate, adjust or create global compensation programs in new or existing markets, our consultants provide guidance in global compensation strategy development; global job leveling and grade structures; pay elements and local pay practices; competitive market analyses for local nationals; salary ranges; incentive compensation; and global equity strategy, guidelines and modeling to assess a program's feasibility. For more information on Radford's consulting practice, please contact consulting@radford.com.

Radford Valuation Services

Our team of actuarial experts provides a best-in-class approach to equity compensation in compliance with ASC Topic 718 (formerly FAS123(R)), including the development of required assumptions for option pricing models; alternative modeling approaches that better approximates compensation expense; and accounting and tax treatments under Topic 718. Our core continuum of services includes:

- > **Equity Plan Design** – tailored strategies that balance talent and retention demands while mitigating costs
- > **Valuation Services** – creative and sustainable valuation solutions at competitive rates that are fully compliant and fully auditable
- > **Financial Reporting** – customized reporting solutions for Topic 718 and IFRS2 that save time and provide the necessary expertise to your team
- > **Equity Plan Management** – holistic approach that spans the navigation of governance issues through the certification of performance results
