

NASPP

NASPP Individual Achievement Awards

At each NASPP Conference, the NASPP presents individual achievement awards to members that have contributed significantly to our organization. Award recipients are selected by the NASPP Executive Advisory Committee, based on service to the NASPP that is above and beyond and leadership in the industry.

Ed Burmeister

Baker & McKenzie

Ed Burmeister is a founding member of the NASPP and a member of the NASPP Advisory Board. His session on “Key International Developments” is one of the longest running at the NASPP Annual Conference and is a perennial favorite among attendees. He is a great speaker, able to make dry, technical topics interesting and fun. He also has contributed significantly to the NASPP website, providing international alerts and updates to the NASPP long before we had a Global Stock Plans Portal and continuing Baker & McKenzie’s support of the NASPP today. Throughout his career, Ed has been a significant influence on this industry and most recently was the driving force behind improvements in the Section 6039 and Section 423 regulations. He assists the NASPP with member inquiries and is a frequent speaker at our Conference, webcasts, and NASPP chapter meetings. For all his contributions to the NASPP, we recognize Ed with this Individual Achievement Award.

Terry Adamson, CEP

Aon/Radford Consulting

Terry Adamson is one of the NASPP’s top contributors. He regularly sends the NASPP unsolicited articles to post on our website, approaches us with ideas for webcasts and Conference sessions, responds to inquiries in the NASPP Discussion Forum, and is always willing to speak whenever we need him, no matter how large or small the audience. He has been instrumental in helping us respond to member inquiries, including, in some cases, soliciting additional input from other industry practitioners and coordinating assistance from his colleagues at Radford. His expertise in stock plan accounting and valuation is beyond compare and he is able to present challenging technical topics in a way that makes them seem easy. For all his contributions to the NASPP, we recognize Terry Adamson with this individual achievement award.

Stacy Fox, CEP

Yahoo

Stacy Fox has been an active member of the NASPP for many years and is on top of her game when it comes to stock plan administration; she has excellent policies and procedures, is highly skilled and knowledgeable, and is generous in sharing her expertise. Stacy is always willing to take time out of her day to share practices and tips with other members, always responds quickly whenever we need assistance, and has enthusiastically provided sample materials and procedural documentation for the NASPP website. In addition, Stacy has spoken frequently at NASPP chapter meetings, NASPP webcasts and educational programs, and at the NASPP Annual Conference. We recognize Stacy with this Individual Achievement Award for all her contributions to the NASPP.
